Principal: Mrs R. Snee

Dear Parents

As we approach our February half term holiday can I please ask that if any child receives a positive test for COVID-19 on any date, up to and including Wednesday 17<sup>th</sup> February, I ask that you inform the school by email ([stpeter@stpetersnewman.co.uk](mailto:stpeter@stpetersnewman.co.uk)). This will enable us to identify any contacts. Please rest assured we are very hopeful that we will not need to do this. After 17<sup>th</sup> February you will not be asked to report any positive cases to the school until we return on Monday 22<sup>nd</sup> February 2021. Please also note that if your child develops symptoms more than 48 hrs after their last day in school, which result in a positive test, these should not be reported to the school either.

I should like to take this opportunity to apologise for any inconvenience this may cause you. As you know, we have followed Government advice throughout the pandemic and it would be inappropriate if we did not continue to do so.

Finally, I should like to offer my thanks to you all for your support during this half term. It has been wonderful to see us come together as a school "Together, One Family, One Community in Christ" and support each other in these most testing of times. I hope we can continue to work in partnership and look forward to the day school will open again for all pupils.

God Bless you all.

R Snee (Mrs)  
Principal
