

# Our Stars at St. Peter's

Friday 26th February 2021

## Nursery

Our star of the week is Daniel

Daniel is making fantastic progress with his knowledge of counting, number ordering and comparing quantities.

Well done Daniel!

## Reception

Reception's star of the week is Sulaiman

I have been so impressed with his work, it is always of a high standard and he always accepts Mrs Hackney's Challenges!

Sulaiman has made so much progress and I am very proud of him!

## Year 1

Our star of the week is Ismail

Every week Ismail works so hard and sends in fabulous work that he should be so proud of. What a super attitude towards remote learning!

## Year 2

Our star of the week is Sufian S

Sufian, wow! a total turn around in behaviour and attitude in his learning this week. He engages with us on teams every day and always produces fantastic work to a high standard.

He has been amazing and we are super proud!

## Year 3

Year 3's star of the week Madinah Noor .

Madinah has been working hard in school whilst many children have been working from home. She always comes to school with a smile on her face and is always ready to learn. She has found some of our learning about finding change with money in Maths a bit tricky but she has shown great perseverance even if it has meant working in small steps and adding up lots of different amounts to find the answer. After having lots of reminders she is finally starting to independently answer our Guided Reading questions in full sentences which is a tricky and new skill for Year 3!

## Year 4

Our star of the week is Kamila .

Kamila has worked so hard throughout the lockdown, and this week has really focused on all of her tasks. She has had a fantastic attitude to her learning, and has asked for help when needed, as well as being confident enough to have a go herself first. Kamila has particularly impressed me with her Maths work this week, she has been thinking hard about fractions.

## Year 5

This star of the week for Year 5 is Fariha

Fariha has worked so very hard with her online learning and has done her best to make sure her work is of the same standard as she was producing in school. She has shown resilience and determination to keep her learning going, even when she has had many technical issues out of her control.

Well done Fariha, keep up the great work!

## Year 6

Our star is Dawid

Dawid has shown a fantastic attitude towards his work in school. He has worked sensibly and tried really hard in all subjects, submitting all his work on time. As well as Dawid's work been of a good standard, we are we are extremely proud of his behaviour and how polite and helpful he has been.

Well done

**Well done to all our stars this week for working so hard.**
